Publications and resources
Free with your RACGP membership are a range of resources and services including:

**Databases**
Access a wide range of databases that provide quality evidence-based information about the diagnosis, prognosis and treatment of medical conditions and integrated drug information. Explore the various journals, articles, clinical trials and more.

- Point of care resources - DynaMed and AusDI
- Research based resources - EBSCOHost, Informit, Proquest and PubMed

**eBooks**
Gain full-text access to eBooks from EBSCOhost, AccessMedicine® collection and Harrison’s Online.

**Online journals**
Gain access to online journals, including clinical and medical education.

**Audio journals – Audio Digest**
Listen to a variety of Audio Digest downloads by simply downloading these files to your computer, iPad, iPhone or MP3 player. Improve your clinical knowledge while listening when convenient.

**Services**
Services delivered by experienced and helpful staff include literature searching, resource loans and remote information skills training.

**Australian Family Physician® (AFP)**
The official, independent, peer-reviewed journal of the RACGP. AFP includes commissioned focus articles, as well as clinical, research and professional articles. The journal includes a Clinical Challenge, which is based on the focus articles. AFP is available in hard copy and can be completed online via gplearning.

*AFP is an open access journal.

Good Practice

A monthly magazine that illustrates the diversity of general practice and shares stories of ordinary GPs doing extraordinary things inside and outside the clinical setting. It also includes upcoming faculty events in each state and territory and information that help you engage with your patients.

Check

A QI&CPD activity written by expert clinicians, each unit of check includes case studies on the diagnosis, treatment and management of general practice presentations. A series multiple choice questions (MCQs) form part of the final assessment. check is available in hard copy and the MCQs can be completed online via gplearning.

SAVE

Learn

**Clinical Emergency Management Program (CEMP)**

CEMP Intermediate and Advanced workshops focus on the recognition and management of medical emergencies in general practice.

**Remember to do CPR to fulfil triennium requirements**

**Enhancing patient care**

QI&CPD Program 2014–16 triennium

Local workshops available

Become the master of your own destiny

Local faculties develop and deliver learning opportunities that allow members flexibility and the assurance of quality education that meet the requirements of the QI&CPD program. Be it a practical face-to-face workshop, conference, an evening webinar, or a lunchtime presentation, your local faculty has the options to cater for your needs.

To see what’s on at your local faculty visit www.racgp.org.au/yourracgp/faculties

**Reflective practice through quality improvement**

Quality improvement supports GPs to provide the best possible care for patients. The 2014–16 QI&CPD Program now further recognises how ongoing education improves the quality of everyday clinical practice.

The RACGP QI&CPD Program for the 2014–16 triennium aims to assist Australian GPs to provide the highest possible standard of care to the community.
**gplearning**

*Education developed for GPs by GPs*

Available 24/7, gplearning offers GPs with unbiased evidence-based online education that is peer-reviewed and developed by GPs for GPs to support the delivery of high-quality healthcare.

Log onto gplearning today and enjoy over 300 hours of online learning.

Visit us to start your online learning at [gplearning.racgp.org.au](http://gplearning.racgp.org.au)
Guidelines

RACGP’s wide range of developed clinical guidelines allows you to expand your professional knowledge and assure quality patient care.

Explore the latest versions of the RACGP standards and guidelines

1. Interpretive guide to the RACGP safety in general practice. Standards for general practices (4th edition) for Aboriginal community controlled health services
2. National guide to a preventive health assessment for Aboriginal and Torres Strait Islander people
3. Abuse and violence – Working with our patients in general practice
4. Guidelines for preventive activities in general practice (‘red book’)
**Connect**

**National faculties**
Join our national faculties and open the doors to an extensive professional and personal network.

- National Rural Faculty
- National Faculty of Aboriginal and Torres Strait Islander Health
- The National Faculty of Specific Interests

**GP14 conference**
Lead. Inspire.

Weekly updates

Message from the President, Liz Marles

Receive all the latest news and hear about upcoming events, learning and development opportunities, new resources and health alerts with the RACGP’s Fridayfacts newsletter, your weekly update on all things general practice. Take part in the monthly member feedback poll and help us shape the future direction of the RACGP’s advocacy efforts.
RACGP Foundation

The RACGP Foundation supports general practitioners and general practice registrars wanting to conduct medical research into primary healthcare. We do this by raising funds to support a diverse range of research grants, scholarships, Fellowships and awards that provide our members with the opportunities to undertake this valuable research.
